When you came along oh happy was I
     C               F
When you went away I thought I would die
   C     G7                    C
Oh baby  don't leave me this way

                      G7
You know how much I needed your touch
      C           F
Maybe I loved you a little too much
   C     G7                    C
Oh baby  don't leave me this way

F                   C

But now you're gone and I am blue

Oh what am I gonna do

  C                       G7
I just can't see why you wanted to go
