I'm Turning You Loose-Tammy Wynette

C
I tried to hold on baby
F
To your ever changing fan
G7
You keep laying these heartaches on me
C
That's something I don't understand

My eyes stay red from all this crying
F
I'm half eat up with these blues
G7
We're no good for each other baby
C
Here's your coat I'm turning you loose

You keep putting me through these changes
F
I keep coming out the same
G7
It don't matter how I do it
C
Loving you is just about the pain

If our love was a headline
F
Don't you know it'd be bad news
G7
Today I'm all fresh out of trying
C
Here's your coat I'm turning you loose

A7 D7
I'm turning you loose letting you go
G7 C
There ain't no use in just hanging on
A7 D7
We lost that feeling baby that's sad

We stood by and didn't even try
G7
And let a good love go bad

C
If our love was a headline
F
Don't you know it'd be bad news
G7
Today I'm all fresh out of trying
C
Here's your coat I'm turning you loose

Repeat last 2 verses
G7
Today I'm all fresh out of trying
C
Here's your coat I'm turning you loose
