A Fallen Star-Jim Reeves
Author:James Joiner

```
C
A star fell from heaven
F
Right into my arms
    G7
The brightest star I know
          C
I've never seen
                                    G
Then I found out that it was only you

With all your charms
    G7
Who came into my life
          C
To fill a dream

         G7
A fallen star
                  C
That's what you are
                     G7
The twinkle in your eye
                C
Came from the sky
    C7        F
You must have strayed
                 C
From the Milky Way
         G7
A fallen star
                  C
That's what you are

         G7
A fallen star
                  C
That's what you are
                     G7
The twinkle in your eye
                C
Came from the sky
    C7        F
You must have strayed
                 C
From the Milky Way
         G7
A fallen star
                  C
That's what you are
