L.A. traffic is bad this time of year

But there's a friend of yours in California
                    G
Sure wishes you were here
                                                      C
And as you lay your head on your pillow tonight just remember
          D7                                          G
There's a friend of yours in California sure misses you

                             D7                  G
You've got a friend in California that misses you
                             D7                      G
You've got a friend in California that sure misses you

Fort Worth can get cold this time of year

But this southern California sun is warm
               G
You should be here
                                                      C
And as you lay your head on your pillow tonight just remember
          D7                                          G
There's a friend of yours in California sure misses you
