```
Am           G7
All alone am I ever since your goodbye
     F         G7                  E7
All alone with just the beat of my heart
       Am                        G7
People all around but I don't hear a sound
         F      G7             C
Just the lonely beating of my heart

No use in holding other hands
Am                      G7
For I'd be holding only emptiness
F
No use in kissing other lips
    Am                             E7
For I'd be thinking just of your caress
