All That Heaven Will Allow-The Mavericks
Author:Bruce Springsteen

```
D7                  G      C                          G    D7
I got a dollar in my pocket there ain't a cloud up above
                    G      C                D7
I got a picture in a locket that says baby I love you
                      C                                    G
Well if you didn't look then boys then fellas don't go looking now
                     C       D7                    G     D7
Well here she comes a-walking all that heaven will allow

                     G       C                     G     D7
Say hey there mister bouncer now all I wanna do is dance
                      G      C                      D7
But I swear I left my wallet back home in my working pants
                    C                              G
C'mon Slim slip me in man I'll make it up to you somehow
                       C         D7                   G
I can't be late I got a date with all that heaven will allow

                    C                                    Em
Rain and storm and dark skies well now they don't mean a thing
                     C         D7                          G
If you got a girl that loves you and who wants to wear your ring
                  C                                    Em
So c'mon mister trouble we'll make it through you somehow
                                    C     D7                   G
We'll fill this house with all the love  all that heaven will allow

Repeat #3

D7                      G         C                 G  D7
Now some may wanna die a young man young and gloriously
                     G      C                      D7
Get it straight now mister hey buddy that ain't me
                       C                                     G
Coz I got something on my mind that sets me straight and walking proud
                    C    D7                    G
And I want all the time all that heaven will allow

                    C    D7                    C   G
And I want all the time all that heaven will allow
```
