Alone-Vern Gosdin
Author:Max D. Barnes and Vern Gosdin

```
C                    F
Alone at a table for two   alone waiting for you
  C                D7                  G7
I ordered the wine like so many times before
C
Then a chill crawled all over me
   F
My God this is how it would be
   C               G7         C
If you just didn't love me anymore

C7
I never knew how much I loved you
  F
Until I sat here all by myself
    D7
You know you control my heart and my soul
G7
There'll never be anyone else
   C
So don't be surprised at these tears in my eyes
       F
It's a feeling I've never known
C                   G7                C
Now I can see I was never meant to be alone

                           F
Alone I'd never stand tall alone I'd be nothing at all
C                D7                  G7
Your empty chair nearly scared me to death
    C
And then you walked through that door
       F
And my heart started beating once more
    C                   G7                   C
Ohh please don't ever leave me here like this

Repeat #2

                    G7                C
Now I can see I was never meant to be alone
```
