```
C                       G7              F
Well I heard some people talking just the other day
         C                   G7          F
And they said you were gonna put me on a shelf
                    C                   G7
Let me tell you I've got some news for you
           F
And you'll soon find out it's true
                  C                G7               F
And then you'll have to eat your lunch all by yourself

          C  G7    F            C    G7  F
Cause I'm al-ready gone and I'm feel-ing strong
       C   G7               F           C     G7        F
I will si---ng this victory song woo-oo-oo ha ha woo-oo-oo

C                   G7               F
The letter that you wrote me made me stop and wonder why
      C                        G7                 F
But I guess you felt like you had to set things right
     C                              G7              F
Just remember this my boy when you look up in the sky
        C                  G7                F
You can see the stars and still not see the light that's right

Repeat #2 And I'm already...

C                     G7              F
Well I know it wasn't you who held me down
       C               G7             F
Heaven knows it wasn't you who set me free
         C        G7              F
So often times it happens that we live our lives in chains
        C          G7               F
That we never even know we have the key

        C  G7    F            C    G7  F
But I'm al-ready gone and I'm feel-ing strong
       C   G7               F
I will si---ng this victory song
          C  G7    F            C  G7    F
Cause I'm al-ready gone yes I'm al-ready go
