American Made-the Oak Ridge Boys
Author:Bob Dipiero and Pat Mcmanus

```
G                  C                                  G
Seems everything I buy these days has got a foreign name
               C                            D7
From the kind of car I drive to my video game
                C                         G
I got a Nikkon camera a Sony color TV
                   C                        D7                          G
But the one that I love is from the U.S.A. and standing next to me

My baby is American Made
D7
Born and bred in the U.S.A.
          G
From her silky long hair to her sexy long legs
   D7                G
My baby is American Made

                       C                                   G
She looks good in her tight blue jeans she bought in Mexico
                       C                                  D7
And she loves wearing French perfume everywhere we go
                          C                           G
But when it comes to the loving part one thing is true
                   C       D7             G
My baby's genuine U.S.A.  red white and blue
