```
C                        F
I beg your pardon momma what did you say
G7                         C
My mind was drifting on a Martinique day
                           F
It's not that I'm not interested you see
G7                       C
Augusta Georgia is just no place to be

                         F
I think Jamaica in the moonlight
G7                       C
Sandy beaches drinking rum every night
                           F
We've got no money momma but we can go
G7                                      C
We'll split the difference and go to Coconut grove

                            F
Just keep on talking momma I can hear
G7                          C
Your voice it tickles down inside of my ear
                   F
I feel a tropical vacation this year
G7                           C
Might be the answer to this Hillbilly beer

```
             F
Viola an American dream
G7                       C
We can travel girl without any means
                      F
When it's as easy as closing your eyes
G7                       C
And dream Jamaica is a big neon sign

                          F
Just keep talking momma I like that sound
G7                        C
It goes so easy with that rain falling down
                    F
I think a tropical vacation this year
G7                            C
Might be the answer to this Hillbilly beer
