Another Day Another Dollar-Wynn Stewart

```
C
Another day another dollar
        F              C
Daylight comes I'm on my way
        F           C
Another day another dollar
        G7            C
Working my whole life away

The boss told me I'd get paid weakly
         F              C
And that's exactly how I'm paid
        F           C
Another day another dollar
        G7            C
Working my whole life away
```

Repeat #1

```
My family is my thanksgiving
          F          C
I love 'em more each day
               F            C
And they're the reason I keep living
          G7            C
And working my whole life away
```

Repeat #1
