Another Mule-Fats Domino
Author:Dave Bartholomew

```
G
If your liver starts to jump
         C                G
And your heart begins to thump
           D7
Man that's all
        C                          G
Another mule is kickin' in your stall

Now if your girl stay out all night
              C                  G
Don't you get mad and start a fight
               D7
Cos man that's all
        C                          G
Another mule is kickin' in your stall

Now if you come home and your food ain't cooked
        C                  G
And she give you a dirty look
           D7
Man that's all
        C                          G
Another mule is kickin' in your stall
```
