C                F
Just follow the stairway
G7                       C
To this lonely world of mine
       C7      F
You'll find me waiting here
G7                   C
In apartment number nine

            F
Not so very long ago
G7                    C
You walked away from me
    C7             F
And after all the plans we made
G7                 G7
You decided to be free

           F
Loneliness surrounds me
G7                 C
Without your arms around me
        C7       F
And the sun will never shine
G7                   C
In Apartment Number nine

                        F
I keep waiting in this lonely room
G7                             C
Just in case you change your mind
       C7      F
You'll find me waiting here
G7                   C
In apartment number nine

           F
Loneliness surrounds me
G7                 C
Without your arms around me
        C7       F
And the sun will never shine
G7                   C
In Apartment Number nine
