G           C      G              C
Down on the corner by the traffic light
G           C       G           C
Everybody's looking as she goes by
F              C             F         C          G
They turn their heads and they watch her till she's gone

Lord have mercy baby's got her blue jeans on

               C        G          C
Up by the bus stop and across the street
G              C       G          C
Open up their windows to take a peek
F            C               F      C       G
And she goes walking rocking like a rolling stone
D7             C              D7         G
Heaven help us baby's got her blue jeans on

Em        D7               C         G
She can't help it if she's made that way
C            G              C        D7
She's not to blame if they look her way
Em        D7               C       G
She ain't really trying to cause a scene
C                     D7
It just comes natural-ly  no the girl can't help it

G          C           G           C
Well up on Main Street by the taxi stand

There's a crowd of people and a traffic jam
F              C        F           C       G
She don't look back she ain't doing nothing wrong

Lord have mercy baby's got her blue jeans on
