Backwoods Barbie-Dolly Parton

```
G                                C
I grew up poor and ragged just a simple country girl
G                                              D7
I wanted to be pretty more than anything in the world
     C                           G            C
Like Barbie or the models in the Fredrick's catalog
                   G             D7              G
From rags to wishes in my dreams I could have it all

    C                                   G
I'm just a backwoods Barbie too much makeup too much hair
C                                       G                  D7
Don't be fooled by thinking that the goods are not all there
C                                  G              C
Don't let these false eyelashes lead you to believe
                    G                D7              G
That I'm as shallow as I look cause I run true and deep

                                  C
I've always been misunderstood because of how I look
G                                                   D7
Don't judge me by the cover cause I'm a real good book
   C                             G                 C
So read into it what you will but see me as I am
                   G               D7               G
The way I look is just a country girl's idea of glam

    C                               G
I'm just a backwoods Barbie in a push-up bra and heels
C                              G                    D7
I might look artificial but where it counts I'm real
C                                        G                    C
And I'm all dolled up and hoping for a chance to prove my worth
                   G          D7                    G
And even backwoods Barbie's get their feelings hurt

    C                                   G
I'm just a backwoods Barbie too much makeup too much hair
C                                       G                  D7
Don't be fooled by thinking that the goods are not all there
C                                  G                     C
Yes I can see where I could be misjudged upon first glance
                   G          D7                 G
But even backwoods Barbie's deserve a second chance

    C                 G            D7            C
I'm just a backwoods Barbie just asking for a chance
                  G
Just a backwoods Barbie
```
