Bargain Store-Dolly Parton

```
Am              G              Am
My life is like unto a bargain store
                    G                   Am
And I may have just what you're looking for
                                        G              Am
If you don't mind the fact that all the merchandise is used
                 G                              Am
But with a little mending it could be as good as new

                           G               Am
Why you take for instance this old broken heart
                 G                  Am
If you will just replace the missing parts
                                   G              Am
You would be surprised to find how good it really is
                                G              Am
Take it and you never will be sorry that you did

                      G         Am
The bargain store is open come inside
       G                  Am
You can easily afford the price
                                  G       Am
Love is all you need to purchase all the merchandise
                                G          Am
And I can guarantee you'll be completely satisfied

                      G                  Am
Take these old used memories from the past
                           G                  Am
And these broken dreams and plans that didn't last
                                       G        Am
I'll trade them for a future I can't use them anymore
                       G                   Am
I've wasted love but I still have some more
                      G         Am
The bargain store is open come inside
                      G         Am
The bargain store is open come inside
```

Repeat #1
