Be Sure There's No Mistake-Eddy Arnold
Author:Eddy Arnold And Alton "Cook" Watson

```
C               G7    C
Be sure there's no mistake
        F                C
When my lonely heart you break
       F
If you feel that you must roam
         C
When you leave all alone
               G7    C
Be sure there's no mistake

              G7       C
Sweetheart if you must go
        F                   C
And you feel that you can't wait
         F
When you come to say goodbye
         C
When I'm left alone I cry
               G7    C
Be sure there's no mistake

            G7       C
You tell me I'm your love
          F               C
But don't lie dear for my sake
       F
If you want to run around
         C
If your heart holds any doubt
               G7    C
Be sure there's no mistake

           G7         C
I know the love light shines
       F                     C
What a difference this could make
         F
Does it only shine for me
         C
Is there some old memory
               G7    C
Be sure there's no mistake
```
