```
C                       G7
Somewhere the sun is shining
                        C
Somewhere the songbirds dwell
                    G7
Hush then your sad repining
D7                  G7
God lives and all is well

          C
Somewhere somewhere
Am                  G7
Beautiful isle of somewhere
C          G7            C7    F
Land of the truth where we live anew
C                   G7   C
Beautiful isle of some-where

                        G7
Somewhere the load is lifted
                  C
Close by an open gate
                        G7
Somewhere the clouds are rifted
D7                  G7
Somewhere the angels wait

          C
Somewhere somewhere
Am                  G7
Beautiful isle of somewhere
C          G7            C7    F
Land of the truth where we live anew
C                   G7   C
Beautiful isle of some-where
