**Bet Your Heart On Me-Johnny Lee**
**Author:Jim McBride**

```
C          G7        C
You took a chance on him
   F                    G7       C
He broke your heart and left you crying
                      Am
You lost your will to love again
F             G7
You ain't even trying

C            G7     C
All you need is someone
    F             G7    C
Who will love you tenderly
                  Am
Well here I am so take my hand
    F        G7       C
And bet your heart on me

                  G7       C
You can bet your heart on me
      F       G7   C
Honey you can be a winner
                  Am
Forget about the last time out
F               G7
You were just a beginner

C                     C7
Don't be afraid cause you've got it made
F
If you'll just let it be
   C                  Am
So lay your love down one more time
    F        G7       C
And bet your heart on me

                   G7     C
Love is more than just a game
              F        G7      C
That's why it hurts so much to lose it
                    Am
I've got something for the pain
F                G7
So why don't you use it

C
Lucky stars are shining
F          G7        C
Shining so you can believe
                  Am
That my love is a sure thing girl
   F        G7       C
So bet your heart on me

Repeat #3,4,3,4
```
