Breaking Bread-Johnny Cash
Author:Randy L George

```
G                          Em
Breaking bread  breaking bread
       C             D7                 G
We are gathered here together to break bread
                           Em
Breaking bread  breaking bread
       C             D7                 G
We are gathered here together to break bread

D7                           G
It's not the barley or the wheat
C                          D7
It's not the oven or the heat
                                    G
That makes this bread so good to eat
         C                                Am             D7
It's the needing and the sharing that makes the meal complete

repeat #1

D7                        G
Upon the water bread is cast
C                                 D7
The last is first the first is last
                             G
For everyone who eats this bread
C                           Am                 D7
There are thousands maybe more that will be fed

repeat #1  x2
```
