(With broken wings) with broken wings
             F
(No bird can fly) no bird can fly
          C              G7                 C
And broken promises mean love must fade and die (fade and die)

I trusted you (I trusted you)
             F
You can't be true (you can't be true)
           C                G7              C
My heart no longer sings its wings are broken too

(Life was wonderful)
F
I flew as high (as high)
     C
As a bird in the sky (I was flying)
G7                          C

Dreams coming true  then in your eyes
        C                 G7                    C
