If you're worrying over me like I've worried over you
           G7                    C
Don't do it darling don't do it darling

If you think I'm missing you and I'm missing kissing you
           G7                    C
Don't do it darling don't do it darling

  F                                  C
I gave my heart to you my dear and I trusted you and then
    D7                                  G7
You took my heart and played with it and now you say we're through
       C
If you think I'm all alone and you feel the urge to phone
           G7                    C
Don't do it darling don't do it darling

If you're worrying over me like I've worried over you
           G7                    C
Don't do it darling don't do it darling

If you think I'm missing you and I'm missing kissing you
           G7                    C
Don't do it darling don't do it darling
