Don't Make Me Go-Johnny Cash

```
G                              C
You take my hand and smile at me
          G                  D7
But I can tell you'd rather be
 C                 D7             G
Alone or with somebody else you know
                   C
And when your eyes look into mine
     G                    D7
That old time love light doesn't shine
    C           D7                  G
But let me try again don't make me go

       C
I want you don't make me go
                 G
My heart would break I'd miss you so
        D7                            G   G7
Trading love for sympathy is old to me
             C
What's this lovesick heart to do
        G
When it cries for only you
        D7                                  G
Hold me close I love you so don't make me go

                  C
I'm sorry that I never knew
    G               D7
The way to show my love to you
C                    D7              G
I took too much for granted all the time
                         C
Two hearts in love must give and take
     G                    D7
When one heart fails the other breaks
     C                    D7                 G
Don't make me go I wanna show this love of mine
```

Repeat #2
