Don't She Look Good-Bill Anderson
Author:Jerry Chesnut

C
She was on her way out of your life when I found her
G7
Not knowing which way to turn

She's forgotten the feeling of two arms around her
C
But it didn't take her long to learn

You had new worlds to conquer so you didn't want her
C7 F
Or anything cramping your style
C
But don't she look great in the new dress I bought her
G7 C
And don't she look good when she smiles

Did you really think you were so all important
G7
She couldn't get by on her own

Did you really think losing you would destroy her
C
And that's why she kept hanging on

She stuck to her promise and talked to her conscious
C7 F
She did all she could for a while
C
Then picked up the pieces and she started living
G7 C
Now don't she look good when she smiles

Don't she look good in a new dress I bought her
G7
And the new way that she wears her hair

She's in a new world and she's not the same girl
C
She knows now that somebody cares

You can't believe that the same girl you let go
C7 F
Could change so in this little while
C
But don't she look great in a new dress I bought her
G7 C
And don't she look good when she smiles

C
But don't she look great in a new dress I bought her
G7 C
And don't she look good when she smiles
