First To Have A Second Chance With You-Webb Pierce
Author:Webb Pierce and Teddy Wilburn

```
C                              F
I'll watch each move you make  I'll watch each step you take
       G7                                C
In the future years you may get lonely dear
                                       F
Should there ever come that day then I'll just hope and pray
             G7                                 C
That I'll be first to have a second chance with you

F
First to have a second chance with you
C                                      G7
First to cheer you when you're sad and blue
C                                      F
Should there ever come that day then I'll just hope and pray
             G7                                 C
That I'll be first to have a second chance with you

F
First to have a second chance with you
C                                      G7
First to cheer you when you're sad and blue
C                                      F
Should there ever come that day then I'll just hope and pray
             G7                                 C
That I'll be first to have a second chance with you
```
