Forever And Always-Lefty Frizzell
Author:Lefty Frizzell and Leslie Lyle

```
G           C  G                     D7
Forever and al-ways my love will be true
                                       G
I'd wait for a lifetime if you asked me to
    G7          C                    G
You make me so ha-ppy then leave me so b-lue
             D7                      G
But I'd wait forever and always for you

     C                                 G
Each night I pray that God above will let my dreams come true
   A7                                  D7
To hear my prayer and make you care my life I'd offer you
                 G          G7            C
For riches won't buy you a heart true as gold
             G      D7             G
Forever and always to have and to hold

     C                                 G
Each night I pray that God above will let my dreams come true
   A7                                  D7
To hear my prayer and make you care my life I'd offer you
                 G          G7            C
For riches won't buy you a heart true as gold
             G      D7             G
Forever and always to have and to hold
```
