Forgive Me-Webb Pierce
Author:Wiley Walker and Gene Sullivan

```
C                                    C7
I left you and left you broken hearted
  F                          C
I left you and now I can't forget
  F                                C
I thought then that I could live without you
   G7                                C
Forgive me and I'll make you happy yet

                                      C7
Forgive me for all the pain I caused you
F                                  C
Forgive me for unkind words I said
  F                                C
I thought once that I could live without you
    G7                             C
I'm paying with the broken heart instead

                                       C7
I wish I had never made you blue sweetheart
  F                              C
I wish I could live it over now
  F                               C
I know now that I can't live without you
   G7                                C
Forgive me and I'll make it up somehow
```
