Give a little take a little take a little kiss from me
                                                    C
Take a little give a little give a little kiss to me
                                              C7       F
You're the one the only one the girl I'm thinking of
                                 C
Now don't you be afraid let's make a little trade
                     G7            C
Let's give a little take a little love

                                                                  G7
Give a little take a little won't you give your heart to me
                                                               C
Take a little give a little I will give you mine you see
                                                    C7    F
Don't be shy you know that I am true as the stars above
                               C
So come into my arms let's share each other's charms
