Spoken: strum chords

God I sure wished you'd bless America again
You know like you did way back when it all began
You blessed her then but we just sorta took it for granted
And never did ask again so just hold her hand God that's all
And if she should stumble please don't let her fall

Repeat #1
spoken: strum chords

You know I don't understand every thing I'm reading here
About what's wrong with America
But when you don't have a lotta book learning
I guess there's a lotta things you don't understand

But I know this much She's like a mother to me
And I love Her with all my heart
And let me tell you this Sir everything I am
Or ever hope to be I owe to Her
