Gone Crazy-Merle Haggard
Author:Bonnie Owens and Merly Haggard

```
G                          C
Well you took my love for granted
      G
And I gave it all willingly
    C                G
But seeing you with someone else
        D7                 G
Was the breaking point for me

                   C
I know I'm going crazy
      G
I can feel it coming on
                    C
The signs are all around me
      G          D7      G
And I know I'll soon be gone

     C
Gone crazy
  G      D7      G
I may be hard to find
     C
Gone crazy
G         D7        G
Somewhere out of my mind

                                 C
But there'll be laughter all around me
     G
When they come and take me away
       C                 G
And in case you see me leaving
            D7                  G
Well you can bet I've gone to stay

                     C
I know you're gonna miss me
         G
When you find I've gone insane
                          C
But I got the right to lose my mind
   G       D7        G
If I can't stand the pain
```
