```
G        C                       G
Midnight one more night without sleeping
C                                G
Watching till the morning comes creeping
D7         C                        G
Green door what's that secret you're keeping

                 C                                                  G
Well there's an old piano and they play it hot behind the green door
C
Don't know what they're doing
                                 G
But they laugh a lot behind the green door
            D7                    C                                G
Wish they'd let me in so I could find out what's behind the green door

              C                      G
Knocked once tried to tell 'em I'd been there
C                             G
Door slammed hospitality's thin there
D7     C                       G
Wonder just what's going on in there

       C                                                    G
Saw an eyeball peeping through a smoky cloud behind the green door
C                                                           G
When I said Joe sent me someone laughed out loud behind the green door
      D7                        C                          G
All I want to do is join the happy crowd behind the green door
