Greener Pastures-Stonewall Jackson
Author:Marijohn Wilkin

```
C         F                                C
You'll be leaving me to look for greener pastures
   G7                                C
It really isn't love that you are after
          F                                C
You would climb the highest hill if you thought you'd find a thrill
    G7                                C
And greener pasture's on the other side

                                      G7
I guess I'll be the next to fall in line
                                     C
With all the broken hearts you've left behind
                                      F
I can tell the thrill is gone and you'll soon be moving on
          G7                          C
You've got greener pastures on your mind

Repeat #1

                                      G7
I don't know why I thought that I could win
                                     C
I've seen you do it time and time again
                                      F
You will trade a love that's true for a thrill from someone new
          G7                        C
And those greener pastures win again

Repeat #1

    G7                                C
And greener pasture's on the other side
```
