I'd Be Better Off In A Pine Box-Doug Stone
Author:Johnny MacRae and Steve Clark

```
G                                   C                G
I said the night you left me nothing worse could ever happen
C               G                             D7
Seeing you with someone else proved that I was wrong
    Em                C                G                  C
And when your eyes met mine I knew that you were gone forever
G                           D7              G
Along with all the reasons I had for hanging on

       C                                                    G
I'd be better off in a pine box on a slow train back to Georgia
                         D7             C
Or in the grey walls of a prison doing time
                  D7             G                 C
I think I'd rather die and go to hell and face the devil
        G             C           D7             G
Than to lie here with you and him together on my mind

                                  C              G
I always thought that someday we might get back together
C                 G                                      D7
I just thought you needed time to spread your wings and fly
Em             C              G              C
When I saw the loving way you held onto each other
       G                            D7                    G
It was all that I could do not to break right down and cry

Repeat #2 x2

                        C           D7             G
I can't lie here with you and him together on my mind
```
