I'll Always Be Standing By-Hank Locklin
Author:A.M. Lyle and W. Locklin

C
When your friends have turned you down
      F
Not a true one can be found
        C                                G7
Darling please don't hang your head and cry
     C                              F
Just remember I love you and no matter what you do
C           G7          C
I'll always be standing by

   G7
As long as time goes on
F                  C
You'll be the only one
      D7                     G7
And I swear I'll be true so true
      C
If we have to say goodbye
          F
Love like mine will never die
C           G7          C
I'll always be standing by

Others may string you along
        F
And if sometimes things go wrong
         C                   G7
Don't be blue on me you can rely
      C
Say a little prayer each day
           F
They can't steal your heart away
C           G7          C
I'll always be standing by

        G7
Through days and weeks and years
F                    C
We'll share our joys and tears
        D7                          G7
Side by side all the way you and I
         C
When you need me I'll be there
        F
Just to prove how much I care
C           G7          C
I'll always be standing by
```
