I'll Always Take Care Of You
By Webb Pierce {3/4 time}

```
C                                F
If you're all alone and feeling blue
     C           G7      C
I'll always take care of you
                                        F
Till my heart stands still I will love you
     C           G7      C
I'll always take care of you

     F
Your friends may turn you down
    C
But I'll still see you thru
D7                      G7
I'll be by your side no matter what you do
C                                F
If you're all alone and feeling blue
     C           G7      C
I'll always take care of you

                                 F
If you're all alone and feeling blue
     C           G7      C
I'll always take care of you
                                        F
Till my heart stands still I will love you
     C           G7      C
I'll always take care of you

     F
Your friends may turn you down
