C             Em    F              D7                G7
There's a new world somewhere they call the Promised Land
         C        Am        F               G7
And I'll be there someday if you will hold my hand
        Am             F            G7     F      G7
I still need you there beside me no matter what I do
      C         Em    F    G7      C
For I know I'll never find another you

          Em     F           D7              G7
There is always someone for each of us they say
            C     Am      F              G7
And you'll be my someone forever and a day
        Am                            F        G7      F      G7
I could search the whole world over until my life is through
      C         Em    F    G7      C
But I know I'll never find another you

                  Em         F    G7    C
It's a long long journey so stay by my side
                    Em                 F
If I walk through a storm you'll be my guide
      G7
Be my guide

C            Em   F          D7                G7
If they gave me a fortune my treasure would be small
C                   Em                 F       G7
I could lose it all tomorrow and never mind at all
       Am                F           G7         F       G7
But if I should lose your love dear I don't know what I'd do
C                    F    G7      C
For I know I'll never find another you
