I'll Wander Back To You-Charley Pride
Author:Mel Tillis, Danny Dill, Fred B. Burch

```
C                    F      C             G7
They say I'm like my daddy  always on the roam
  C                F     C               G7      C
I know he loved my momma but he couldn't stay at home
                   F          C                  G7
I vowed to not be like him  but somewhere I went wrong
            C                    F               C      G7       C
Cause I'm a thousand miles from nowhere and the girl I loved at home

    G7       C                        F
One of these days I'm gonna quit my wandering
            C         G7              C
One of these days I'll wander back to you

                         F        C                    G7
My sweetheart writes me letters  they find me now and then
  C              F          C           G7          C
I send her funny postcards to show her where I've been
                    F         C                    G7
She always writes I love you  though we're miles apart
      C            F              C           G7    C
But a funny funny postcard can't say what's in my heart

Repeat #2

                       F        C             G7
I feel the cold winds blowing  blowing up a storm
  C                  F           C                 G7    C
I go to sleep and I always dream that you're here in my arms
                    F       C                      G7
And then a lonesome whistle starts blowin' down the line
C              F                  C        G7       C
Wake up boy my buddy says we're a long way from Caroline

Repeat #2

                       G7             C
One of these days I'll wander back to you
```
