I've Got It Again-Hawkshaw Hawkins
Author: Mildred Burk and Rose Burk

C
Ever once in a while I get this way
G7 F C
The blues of the sky turn watery gray

I'm walking my blues can't hold up my chin
G7 F C
I've had it before and I've got it again

Am C Am C
I've had it before and I've got it again
Am C Am C
But this time it's worse than it's ever been

I'm walking my blue I know I can't win
G7 F C
I've had it before and I've got it again

A whole lot of things just pile up inside
G7 F C
I've got it so bad I wish I could hide

I'm walking my blues I know I can't win
G7 F C
I've had it before and I've got it again

Repeat #2

I walk down the street till the chill of the night
G7 F C
Just threatens to pass every post with a light

I know from the windows they're saying that's him
G7 F C
He's had it before and he's got it again

Repeat #2
