If I Could Come Back-Webb Pierce
Author: Mel Tillis and A. R. Peddy

```
C                     F
If I could come back  when I'll leave this world
    G7                          C
I'd still want to come back to you
                          F
Though you've never cared  half as much as I
G7                           C
I pray that someday things would change

F                      C
From here to eternity  would seem just like a day
 F                     E7                  Am
If I had your promise  I know I'd find the way
   Dm                  G7
If I could come back  when I'll leave this world
    A7                          Dm
I'd still want to come back to you

F                      C
From here to eternity  would seem just like a day
 F                     E7                  Am
If I had your promise  I know I'd find the way
   Dm                  G7
If I could come back  when I'll leave this world
    A7                          Dm
I'd still want to come back to you
