If I Didn't Love You-Hank Williams
Author: Fred Rose & Hank Williams

```
C           A7          D7
If I didn't love you  I wouldn't be so lonesome
    G7                C
And I'd never cry over you
            A7          D7
If I didn't love you  I wouldn't be jealous
      G7                      C
Cause I wouldn't care what you do

F                       C
People are saying that you'll let me down
                    A7              D7     G7
But I know that some day you'll come through
   C        A7          D7
If I didn't love you  I wouldn't be so lonesome
G7                      C
Waiting and longing for you

            A7          D7
If I didn't love you  I wouldn't be so pining
   G7                       C
My heart out the way that I do
            A7          D7
If I didn't love you  I wouldn't be wondering
      G7                      C
Who's sharing this moment with you

F                       C
Time after time I have proved that I care
                  A7           D7   G7
I've tried to be faithful and true
   C        A7          D7
If I didn't love you  I wouldn't be lonesome
G7                      C
Waiting and longing for you
```
