If Tomorrow Never Comes-Charlie Pride
Author:Garth Brooks and Kent Biazy

```
C                 Dm
Sometimes late at night
G7                        F   C
I lie awake and watch her sleeping
      G7                  Dm
She's lost in peaceful dreams
          G7                  F                C    F  C
So I turn out the lights and lay there in the dark

                            Dm
And the thought crosses my mind
G7                          F   C
If I never wake up in the morning
G7              Dm        G7
Would she ever doubt the way I feel
F               C     F  C
About her in my heart

                  F
If tomorrow never comes
                           C
Will she know how much I love her
                   G7     Dm             G7
Did I try in every way to show her every day
     F             C
That she's my only one

                  C7         F
And if my time on earth were through
                         G7        Am     Em
And she must face this world without me
Am                              Dm
Is the love I gave her in the past
                   G7
Gonna be enough to last
                  C     G7
If tomorrow never comes

C                                 Dm
Cause I've lost love ones in my life
G7                          F     C
Who never knew how much I loved them
      G7            Dm
Now I live with the regret
             G7                F          C         F  C
That my true feelings for them never were revealed

                         Dm
So I made a promise to myself
G7                              F        C
To say each day how much she means to me
    G7               Dm
And avoid that circumstance
                  G7              F              C
Where there's no second chance to tell her how I feel

                  F
If tomorrow never comes
                           C
Will she know how much I love her
                   G7     Dm             G7
Did I try in every way to show her every day
     F             C
That she's my only one

                  C7         F
And if my time on earth were through
                         G7        Am     Em
And she must face this world without me
Am                              Dm
Is the love I gave her in the past
                   G7
Gonna be enough to last
                  C     G7

If tomorrow never comes

```
C                              Dm
So tell that someone that you love
                              G7
Just what you're thinking of
                    F    C
If tomorrow never comes
```
