Gather round girls you I grew up with

My old friends that I used to scuff with
        C                  G
Need you around me at this time
                   C       G
You've all had your turn to cry
                     D7      G
And old friends stood closely by
C          G                D7             G
Fr-iends of mine stand by me cause it's my time

                     C            G
It's my time it's my time it's my time
                   C       G
It's my time to cry hmm hmm hmm
                   D7    G
It's my time to cry oh oh oh
                   C    G    D7      G
It's my turn to cry yeah yeah it's my time

                   D7           G
Gather round boys I used to play house with

Come here boys I first kissed on the mouth with
         C                 G
Need your tender words so kind
                   C     G
You've all had your misty eyes
                     D7    G
And old friends stood by to dry
C          G                D7             G
Fr-iends of mine stand by me cause it's my time

                     C            G
It's my time it's my time it's my time
                   C       G
It's my time to cry hmm hmm hmm
                   D7    G
