It's Sure Been Fun-Waylon Jennings

```
C                       G7           C
I've made girls laugh  I'm made 'em cry
                                    G7
Made a few wanna live a few wanna die
             C                        F
If my goods a pound my bad must be a ton
                        G7                   C
When it's all said and done it's sure been fun

                   G7             C
I've lived it up  had to live it down
                              G7
Slept in a flop house wore a crown
                   C                          F
I've been cold as ice and hot as the summer sun
                        G7                   C
When it's all said and done it's sure been fun

                     F                   C
I've walked through cities and seen the unknown
          D7                         G7
Been satisfied with a boxcar for a home
                C       G7        C
I've been from reform  to Sunday school
                                       G7
Mom called me a genius dad called me a fool
                C                             F
I've stood my ground and I've turned tail and run
                            G7                  C
But when it's all said and done it's sure been fun

Repeat #3

F                       G7                            C
When it's all said and done you know it's all been fun
```
