There you go and baby here am I
            G7
Oh well you  left me here so I could sit and cry
         C
Oh well golly gee what have you done to me
       G7                        C
But it really doesn't matter anymore

Do you remember baby last September
          G7
When you  held me tight each and every night
          C
Oh well oopsie-daisy how you drove me crazy
       G7                        C
But it really doesn't matter anymore

Am                      C
There's no use in me of cryin'

I've done everything and now I keep on tryin'
     D7                                              G7
I've thrown away my nights wasted all my days over you
C
You go your way I'll go mine
G7
Now and forever till the end of time
          C
I'll find somebody new and baby we'll say we're through
          G7              C
Honey you won't matter anymore

         G7                   C
No sugar you won't matter anymore
