It Only Hurts When I Cry-Dwight Yoakam
Author: Dwight Yoakam and Roger Miller

```
G                          C
The only time I feel the pain
   D7                       G
Is in the sunshine or the rain
                             C
And I don't feel no hurt at all
       D7                          G
Unless you count when teardrops fall
                                  C
I tell the truth except when I lie
       D7                    G
And it only hurts me when I cry

                               D7
You couldn't tell it by this smile
                         G
But my recovery took awhile
                                    D7
I worked for days and nights on end
                         G
Just to walk and talk again
                                  C
You can't believe the time it takes
                          D7
To heal a heart once it breaks
```

Repeat #1

```
G                        D7
Oh maybe every now and then
                          G
I have a small heartache again
                               D7
You wouldn't know to look at me
                                      G
There's tiny scars that you can't see
                         C
It was a struggle to survive
                        D7
I'm probably lucky I'm alive
```

Repeat #1
