C                                    G7       C
Outside the sun is shining it's such a pretty day
    F              C       D7                    G7
I'm waiting in the shadows watching you and Joey play
C           G7         C           F        G7   C
Right now I feel like dying cause I heard Joey say
F             C                 G7           C
All the other kids I know have daddies everyday

F
Oh daddy please ask mommy
          C
Could you come home to stay
       F     C                          G7
Me and mommy need you and love you anyway
F             C                 G7           C
All the other kids I know have daddies everyday

                             G7            C
Honey I've been thinking our little Joey's right
   F            C          D7                        G7
He doesn't understand  our little child is grown up high
C               G7     C           F        G7      C
You're just his Sunday daddy could you come home to stay
      F             C                  G7           C
Cause all the other kids he knows have daddies everyday
