```
G             C
Mr. Jones I'd like to speak to you
      G                    C
For a moment if you don't mind
            G
I love your daughter and your daughter
D7           G
She wanna be mine

               C
Yeah Mr. Jones please be seated
  G                                C
I know what's running through your mind
            G
I love your daughter and your daughter
D7           G
She wanna be mine

       C
Yeah I work in a shoe store on main street
    G
And make about fifty dollars every week
    C
But I'll work hard and get a raise
   D7
If you'll just let me have her for always

G                   C
Mr. Jones don't get excited
      G                          C
Cause we've already made up our minds
            G
I love your daughter and your daughter
D7           G
She wanna be mine

     C
Well I'll treat her good I'll buy her things
       G
Like a lots of furs and diamond rings
     C
I'll buy her a cottage a car and a boat
   D7
If you'll be kind enough to go on our note

G                   C
Mr. Jones don't get mad
          G              C
We'll get along won't we dad
            G
I love your daughter and your daughter
D7           G
She wanna be mine
