```
G               C          G
I'm not here to talk about bygones
D7                      G
All of those lost yesterdays
                C          G
I'm not here to talk about tomorrow
         D7                G
I'm just trying to make it today

         C                        G
I'm just trying to live one more day
            A7                       D7
There's not really much more I can say
               G           C         G       C
I know you're hoping I'll suffer forever anyway
         G         D7             G
I'm just trying to live one more day

                C                  G
I'm not here to say it's all your fault
       D7                       G
For we both had a hand in the play
                 C             G
I'm just here to say that I'm leaving
               D7                 G
And that this time I mean what I say

Repeat #2

                    D7            G
I'm just trying to live one more day
```
