One More Memory-Wynn Stewart
Author:Bobby George and Vern Stovall

G
Hello darling I'm just passing through this way
D7
Thought I'd call you up I haven't long to stay

Would you meet me in our same old meeting place
G
I promise you that I won't speak of yesterday

Just give me one more memory that's all I ask of you
D7
To see you once again would mean a lot to me

We'll pretend I'm just a friend that you once knew
G
Please be there and give me one more memory

I respect the choice you've made so long ago
D7
If you're happy now that's all I need to know

I'm not here to cause you any misery
G
But if I could see you I'd have one more memory
