Out Of Hand-Gary Stewart
Author:Jeff Barry and Tom Jans

```
G                   C              Am
I never intended to even know your name
D7                                                  G
Except for the woman waiting at home involved in the same
                     G7
I've always been true except for you
    C                Am
Not even a one night stand
      D7                                       G
And I never intended for it to get so out of hand

       C                        G           D7        G
Out of hand out of hand I'm a hard living kind of a man
  C                                 A7                D7
I need more to keep me going than this gold wedding band
G                       C
You're my kind of woman I'm your kind of man
D7                                          G
Maybe that's the reason it gets so out of hand

                  C                  Am
I never intended for it to go this far
D7                                          G
I don't think I can get off from where we are
                     G7
Some time to waste so just a taste
    C                Am
Was all that I had planned
      D7                                       G
And I never intended for it to get so out of hand

repeat #2
